Dearest Harold,

Goodness, it's been so long since I've talked to you. How are both you and Ms Weisberg doing and feeling? I received a lovely letter from Ted G. and I'm so relieved and happy to hear he is feeling much better. I assume Ted told you I am recovering very well from the 2 nervous breakdowns in 1979. The last one in the latter part of Oct 79. Last year was a very exciting year for me. My son, DAmon graduated ~~from~~ from high school in June of 1981 and

Went into the USAF in Nov 81. And this June, my mother was one of 1000 graductes at Long Beach City College, and one out of eight who graducated with a straight 4.0 (all As) out of the 1000 graduates. My husband, Ray had a hugh swimming pool put in the back yard in 1980 and do we ever enjoy it. Right now, Iam reading an excellent book called "Russian Roulette" by Arthur Cox (an expert and consultant on arms control. Iam quite concerned about the new build up in nuclear weapons and the poor relations

between the United States & the Soviet Union. I have a new found friend out here in Calif. It is Baxter Ward who is on ABC news. He says anything new on the assassinations I learn about, he will air them. So that is quite nice. Well, I guess I will close for now wishing you both the best of health & happiness and I know God Bless you and so do I,

Love Jan
